Tentative Agreement
Between
Elk Grove Unified School District
And
Amalgamated Transit Union
June 6, 2012

This Tentative Agreement is between Elk Grove Unified School District (District) and Amalgamated Transit Union (ATU). Except as provided below in this agreement, the parties agree that this agreement resolves negotiations for the 2012-2013 school year. The District and ATU agree to the following:

1. Health and Welfare Benefits

a. Effective July 1, 2012, revise the collective bargaining with the following provisions:

The District's maximum contribution toward medical benefit premium costs shall be 80% of the premium cost for the low cost medical plan offered by the District. Each Bargaining Unit Member's contribution toward medical benefit premium costs shall be 20% of the premium cost for the low cost plan medical plan offered by the District based upon the subscriber level selected for the year. Unit members shall be responsible for the buy up costs related to selecting a medical plan other than the low cost plan.

Example based upon 2012-2013 Kaiser low cost plan:

	<i>2012-2013 Kaiser Premiums Low Cost Plan Monthly</i>	<i>District Contribution 80% Monthly</i>	<i>Employee Contribution 20% Monthly</i>	<i>Employee Wellness Rebate Compensation Annual</i>
<i>Single Subscriber</i>	<i>\$ 492.33</i>	<i>\$ 393.86</i>	<i>\$ 98.47</i>	<i>\$ 295.44</i>
<i>2 Party Subscriber</i>	<i>\$ 984.66</i>	<i>\$ 787.73</i>	<i>\$196.93</i>	<i>\$ 590.76</i>
<i>Family</i>	<i>\$1,393.29</i>	<i>\$1,114.63</i>	<i>\$278.66</i>	<i>\$836.04</i>

b. Wellness Rebate Compensation

Each unit member who submits to the District an approved Wellness certification that verifies that the unit member has satisfied all of the Wellness requirements referenced section 1(c) below, each year shall receive a Wellness Rebate equal to five percent (5%) of the total medical premium cost of the Low Cost plan based upon the subscriber level selected for the year.

Unit members who submit their approved Wellness certification to the District by November 1st shall receive their annual Employee Wellness Rebate compensation by January 10th. Unit members who submit their approved Wellness certification by May 15th shall receive their annual Employee Wellness Rebate compensation by July 10th. The Wellness Requirement verification process will be developed by the District.

For example, for the 2012-2013 school year, based upon the Kaiser Low Cost plan for both Kaiser and Health Net participants, the annual Wellness Rebate Compensation for a single subscriber would be \$295.44, for a two party subscriber would be \$590.76, and for a family subscriber would be \$836.04.

The value of the five percent (5%) Wellness Rebate Compensation will change each year depending upon the total premium cost of the low cost medical plan provided by the District.

c. Wellness Rebate Compensation Requirements

The Wellness Incentive Rebate requirements necessary to receive the annual Wellness Rebate compensation are: an annual physical examination, completion of an annual online Health Risk Assessment, an annual Comprehensive Metabolic Panel (CMP), an annual body mass index (BMI) test and/or other age appropriate screenings as recommended by the unit member's physician.

d. Co pays

The Kaiser and Health Net medical plans shall be changed to the \$30 co pay plans quoted by Kaiser and Health Net for the 2012-2013 school year. Except for this co pay change, changes required by law, and all of the terms included in this agreement, all current medical benefit agreements between the District and ATU regarding Health and Welfare plan design changes and the Health Net Premier Care plan continue as part of this agreement.

e. Health Benefit Committee

The District and ATU are committed to explore a new Health and Welfare model. Accordingly, a committee shall be established to explore alternative health benefit models. This committee shall invite all represented and unrepresented groups to participate in the exploration of alternative health benefit models.

2. Lottery System Check

The August 2012 Lottery System Check shall be suspended in 2012, unless otherwise negotiated.

3. Field Trip and CBI Committee

During the 2012-2013 school year, ATU and the District agree that representatives from ATU and the District will meet as part of Field Trip and CBI Committee. The role of the Committee is to develop recommendations for the ATU and District negotiation teams regarding District field trip guidelines.

4. 2013-2014 Negotiations

ATU and the District agree to commence negotiations in November 2012 for the 2013-2014 school year. ATU and the District agree that the 2013-2014 reopeners for negotiations shall include, but shall not be limited to health benefit waivers and the allocation of the wellness rebate on a monthly basis.

Tentative Agreement
Between
Elk Grove Unified School District
And
American Federation of State, County, and Municipal Employees

May 30, 2012

This Tentative Agreement is between Elk Grove Unified School District (District) and the American Federation of State, County, and Municipal Employees, Local 258 (AFSCME). Except as provided below in this agreement, the parties agree that this agreement resolves negotiations for the 2011-2012 and 2012-2013 school year.

1. Health and Welfare Benefits

a. Effective July 1, 2012, as described below the District and AFSCME agree to the following revisions, deletions and additions to Article 9 of the collective bargaining agreement related to the provision of health and welfare benefits.

ARTICLE 9

BENEFITS

- 9.1.1 ~~Appropriate~~ Insurance coverage for employees/dependents will be provided by the District with options available to employees/dependents at their expense to suit their particular needs. At least two (2) carriers of major medical programs will be available.
- 9.1.2 Upon initial employment each unit member will be notified of the availability of health and insurance benefits contained in this Article and shall have thirty (30) calendar days from the date of employment to enroll.
- 9.1.3 All employees of the District are covered by liability and indemnity insurance carried by the District.
- 9.1.4 Dental Benefit Coverage under the Section 9.8.2, 80%/20% Premium Cost Sharing Plan and EGBERT.
~~Other modifications to the health benefit package or payments will be negotiated with the health insurance committee.~~
 - a. All employees will be enrolled in the Delta Premier Plan at the 100% premium coverage level unless they elect to waive their dental coverage during Open Enrollment or opt to participate in the Voluntary Plan under Section 9.8.3.
 - b. The dental benefit program will reimburse orthodontia 50% of the cost to a maximum of \$2,500 lifetime maximum per person, unless the unit member opts to participate in the Voluntary Plan under Section 9.8.3.
 - c. The District and AFSCME agree to participate in the Elk Grove Benefits Employee Retirement Trust (EGBERT). All unit members eligible for post retirement health and welfare benefits who retire on or after July 1, 2000 shall receive such benefits from EGBERT in accordance with this

agreement and the EGBERT Agreement dated February 20, 1996 and any amendments to such agreements.

Unit members employed on or after July 1, 2006 (including disability recipients) are eligible for retiree health and hospitalization plans under this section provided they have completed benefit eligible service of at least 180 months or 15 school calendar years with Elk Grove Unified School District prior to retirement. Retirees/recipients must be actively drawing retirement or disability benefits from the STRS/PERS. Such retirees/recipients shall have met the eligibility requirements during their active employment. The years of benefit eligibility do not have to be consecutive; but if an employee voluntarily leaves and returns outside of the 39 month rehire period, he or she must again meet the entire vesting requirements in place at that time for benefit eligibility.

Unit members employed before July 1, 2006 (including disability recipients) are eligible for retiree health and hospitalization plans under this section provided they have completed benefit eligible service of at least 120 months or 10 school calendar years with Elk Grove Unified School District prior to retirement. Retirees/recipients must be actively drawing retirement or disability benefits from the STRS/PERS. Such retirees/recipients shall have met the eligibility requirements during their active employment. The years of benefit eligibility do not have to be consecutive; but if an employee voluntarily leaves and returns outside of the 39 month rehire period, he or she must again meet the entire vesting requirements in place at that time for benefit eligibility.

Consistent with Addendum #2 of the EGBERT Agreement, the EGBERT Board of Directors shall be made up of one director appointed by each union that is a party to a collective bargaining agreement with the District that participates in EGBERT. The number of directors appointed by the Districts' Superintendent shall be equal to the total number of directors appointed by the unions.

It will be the continuing responsibility of EGBERT to determine benefits and recommend District contribution levels. EGBERT and the Elk Grove exclusive representatives agree to use a combined negotiating team drawn from all of the participating employee organizations to negotiate eligibility qualifications and the amount of contributions to be made to EGBERT. This combined negotiating team shall consist of representatives appointed by each bargaining unit and up to an equal number of management representatives appointed by the District Superintendent. The District sole financial obligation for the provision of retiree benefits to individuals retiring on or after July 1, 2000 shall be to make the contributions to EGBERT negotiated with the combined negotiating team described in this paragraph.

Until the parties agree otherwise in writing or negotiations with the combined negotiating team are exhausted: (1) the District shall continue to pay to EGBERT \$80 per month, per benefit eligible employee on a 12 month basis or \$960 per year, per benefit eligible employee; (2) the District shall continue to pay to EGBERT a sum equal to 1% of total District salaries each month on a twelve (12) month basis; (3) each benefit eligible unit member shall contribute \$50 per month, on a 12-month basis starting July 1, 2010 toward the cost of current health benefits. The \$50.00 contribution will increase by an additional \$10.00 per month July 1st of each succeeding year until the individual unit member's contribution rate for the cost of current health benefits of \$90.00 per month is achieved.

- d. Each benefit eligible employee shall have their contribution deducted from their compensation, via payroll deduction or at the employee's election via the Districts' Section 125 plan; and (4) the District shall implement sections 2 and 3 of the parties' April 14, 2010 agreement regarding contributions toward the cost of current health benefits.

- e. It is intended that the EGBERT board will be made up of one representative from AFSCME, one from ATU, one from CSEA, one from EGUSD management, one from EGEA, one from PSWA, and two from current retirees (one certificated and one classified). It will be the continuing responsibility of the EGBERT to determine benefits and recommend contribution levels. The EGBERT and the Elk Grove Exclusive Representatives agree to use a combined negotiating team drawn from all of the participating District exclusive representatives to negotiate those contributions with the District.
 - f. Those waiving medical benefits shall be paid \$780 annually. Beginning with the 2003-2004 school year, the waiver to be paid as cash in lieu of enrolling in the dental program will be decreased to zero, due to District self-insurance.
- 9.1.5 The District and the Unions recognize that the current premiums for coverage are in an inflationary spiral that will demand additional solutions for every affected policy year. Options may include increasing copays for pharmaceutical drugs for brand name products, increasing office visit and emergency room copays, the institution of a hospital copay, the modification of total compensation patterns after the expiration of current three-year agreements, increasing the number of pooled employees to exercise greater bargaining leverage with providers and insurance companies, and the reduction in other District expenditures.
 - 9.1.6 The District and its bargaining units will work together to maximize quality insurance programs at affordable rates.
 - 9.1.7 The District will enhance its educational programs on benefits to alert employees to options that don't include double coverage, the right to change benefit programs if a spouse has an open enrollment period, and other issues to assist employees make informed decisions.
 - 9.1.8 The District will implement a system of auditing eligibility for benefits to assure all those receiving benefits are entitled to do so.

9.2 Eligibility

- 9.2.1 Unit members whose regular or temporary assignment is half-time (.50 FTE) or more shall be eligible to enroll.
- 9.2.2 Once a unit member is eligible, he/she remains eligible for the enrollment year of the contract for the plan, i.e. 7/1 through 6/30.
- 9.2.3 Retired unit members (including disability recipients) are eligible for health and hospitalization plans under this section provided they have completed benefit eligible service of at least 180 months or 15 school calendar years with Elk Grove Unified School District prior to retirement. Retirees/recipients must be actively drawing retirement or disability benefits from the STRS/PERS. Such retirees/recipients shall have met the eligibility requirements during their active employment. Eligibility shall be modified upon the receipt of state or federal health and hospitalization coverage; i.e. enrollment in Part A and B of Medicare.
- 9.2.4 A unit member granted a leave of absence approved by the Elk Grove Unified School District Board of Education may elect to continue in the plan(s) unless otherwise limited by the carrier. The employee must designate in writing which of the plan(s) he/she wishes to continue and must pay the full amount of monthly premium, unless such leave falls within the provisions of FMLA or CFRA, in advance of each month of desired coverage.

- 9.2.5 Upon the death of an employee, employee's spouse and/or dependents will be eligible to continue existing health coverage at their own expense (without District contributions) as defined in COBRA health coverage continuance regulations.
- 9.2.6 See Appendix D, Tentative Agreement dated July 27, 2010 for the limited term agreement regarding modifications of these provisions during 2010-2011 and 2011-2012 school years.

9.3 Enrollment

- 9.3.1 Upon initiation of a new program, actively employed eligible unit members shall be given the opportunity to enroll. It is the responsibility of the unit member to complete the required documents and submit them to the Payroll Office within thirty (30) days of the date of initiation of the new program.
- 9.3.2 New, reinstated, re-employed unit members who are eligible shall be given the opportunity to enroll within thirty (30) calendar days of the employment date.
- 9.3.3 Open enrollment shall be during the month of April-May, unless otherwise stipulated by the carrier. Eligible unit members not enrolled in a plan(s) may enroll at this time. Changes in the employee's choice of available plans shall be permitted during this period.
- 9.3.4 Eligible unit members on authorized leave of absence during the open enrollment period shall be given the opportunity to enroll upon return to active employment with the District.
- 9.3.5 It is the responsibility of the eligible unit member to complete all the required documents and submit the completed documents to the Payroll Office within the thirty (30) day limitation.
- 9.3.6 Multiple Enrollment Not Permitted (Elimination of Dual Coverage)
A benefit eligible employee may not be included as an enrolled employee and also, at the same time, be a dependent of another enrolled employee in the District's health plan. If you and your spouse/domestic partner are both District employees, you may not cover each other as dependents; similarly, only one of you may cover your eligible children under the plan(s).

(The intent of the parties is that all eligible children are only covered under one plan.)

9.4 Coverage

- 9.4.1 All unit members enrolled in the plan(s) shall be covered on a monthly basis until employment ends.
- 9.4.2 Employee contributions will be deducted on a twelfthly basis.
- 9.4.3 All carriers shall be negotiated unless a change in carrier does not substantially change the level of benefits provided.

9.5 Cancellation and Refund

- 9.5.1 In the event of cancellation of a plan(s) by a carrier, if any premium is refunded, the amount of the District contribution included therein shall be refunded directly to the District.

9.6 Employee Welfare Benefit Fund Reopener

9.6.1 In the event that an employee welfare benefit fund or trust is established pursuant to Education Code Section 44039.5(a), and either party to this agreement desires to have the District become a participant employer in such fund or trust, either party shall have the right to reopen this Agreement for the specific purpose of negotiation concerning the District's participation in such fund or trust.

9.6.2 Such right to reopen this Agreement shall be in addition to any other right to reopen which is set forth elsewhere in this Agreement.

9.7 Tax-Shelter Annuities

9.7.1 A tax-sheltered annuity program and deferred compensation are available to all unit members.

9.8 Programs and Coverage

9.8.1 The District will provide for the health and insurance plans as noted below:

- a. Medical
- b. Dental
- c. Vision
- d. Group Term Life Insurance

9.8.2 80%/20% Premium Cost Sharing Plan:

a. The District's maximum contribution toward medical benefit premium costs shall be 80% of the premium cost for the low cost medical plan offered by the District. Each Bargaining Unit Member's contribution toward medical benefit premium costs shall be 20% of the premium cost for the low cost plan medical plan offered by the District. Unit members shall be responsible for the buy up costs related to selecting a medical plan other than the low cost plan.

Example based upon 2012-2013 Kaiser low cost plan:

	2012-2013 Kaiser Premiums Low Cost Plan Monthly	District Contribution 80% Monthly	Employee Contribution 20% Monthly	Employee Wellness Rebate Compensation Annual
Single Subscriber	\$ 492.33	\$ 393.86	\$ 98.47	\$ 295.44
2 Party Subscriber	\$ 984.66	\$ 787.73	\$196.93	\$ 590.76
Family	\$1,393.29	\$1,114.63	\$278.66	\$836.04

Example based upon 2012-2013 Health Net buy up plan:

	2012-2013 Health Net Premiums Buy up Option Monthly	District Contribution 80% Monthly	Employee Contribution Monthly	Employee Wellness Rebate Compensation Annual
Single Subscriber	\$ 534.58	\$ 393.86	\$140.72	\$ 295.44
2 Party Subscriber	\$ 1,069.15	\$ 787.73	\$281.42	\$ 590.76
Family	\$1,512.84	\$1,114.63	\$398.21	\$836.04

b. Wellness Rebate Compensation

Each unit member who submits to the District an approved Wellness certification that verifies that the unit member has satisfied all of the Wellness requirements referenced section 9.8.2(c) below, each year shall receive a Wellness Rebate equal to five percent (5%) of the total medical premium cost of the Low Cost plan based upon the subscriber level selected for the year.

Unit members who submit their approved Wellness certification to the District by November 1st shall receive their annual Employee Wellness Rebate compensation by January 10th. Unit members who submit their approved Wellness certification by May 15th shall receive their annual Employee Wellness Rebate compensation by July 10th. The Wellness Requirement verification process will be developed by the District.

For example, for the 2012-2013 school year, based upon the Kaiser Low Cost plan for both Kaiser and Health Net participants, the annual Wellness Rebate Compensation for a single subscriber would be \$295.44, for a two party subscriber would be \$590.76, and for a family subscriber would be \$836.04.

The value of the five percent (5%) Wellness Rebate Compensation will change each year depending upon the total premium cost of the low cost plan provided by the District.

The District shall develop a list of the annual physical examination and Wellness assessment requirements necessary to receive the annual Wellness Rebate compensation. The physical examination and wellness assessments may include an annual physical examination, completion of an online Health Risk Assessment, a Comprehensive Metabolic Panel (CMP), a body mass index (BMI) test and/or other age appropriate screenings.

d. Co pays

The District and AFSCME are committed to explore a new Health and Welfare Benefits Committee model. Accordingly, a committee shall be established to explore alternative health benefit committee models. This committee shall invite all represented and unrepresented groups to participate in the exploration of alternative health benefit committee models.

b. This Voluntary Health and Welfare Benefit Plan with Reduced Dental and Vision Coverage shall be referred to as "the Voluntary Plan". The Voluntary Plan shall not be considered the low cost plan for any purpose. This Voluntary Plan is described in Attachment A to this Agreement.

c. The District's maximum contribution toward the premium cost for the Voluntary Plan shall be equal to 80% of the premium cost for the low cost Health and Welfare Benefit Plan offered by the District in Section 9.8.2 above. Subject:**DECLARATION OF NEED FOR FULLY QUALIFIED EDUCATORS FOR 2012-13****Action Requested:**

The Board is requested to adopt and approve the *Declaration of Need for Fully Qualified Educators* for 2012-13 as required by the California Commission on Teacher Credentialing (CCTC).

Discussion:

The *No Child Left Behind (NCLB)* Act of 2001 had a dramatic impact on what defines a "fully/highly qualified teacher." Under the act, a teacher may be fully credentialed, but not NCLB compliant because of their assignment or because they lack what the act terms "subject matter competency" which can be achieved by additional course work, experience, or testing. Over the past three years, Elk Grove Unified School District has made impressive progress toward full compliance with the legislation with over 98% of the teachers in compliance. Those who remain are in the areas of alternative and special education where the Commission on Teacher Credentialing (CTC) continues to struggle in developing pathways for teachers to full compliance.

The District has fully aligned with the credential requirements of the *Williams Case* - English Language Acquisition certification for teachers who teach any child whose primary language is other than English. The requirement is that even if a teacher has ONLY one (1) child who has not been re-classified as fluent in English, then the teacher must also have a SDAIE, CLAD, or BCLAD credential in addition to their subject matter credentials. Currently, all the teachers at our *Williams* schools are fully compliant.

Three years ago, when the Sacramento County Office of Education (SCOE) audited the credentials of our teachers, they found us to have 1,463 teachers who did not possess the necessary certification required to work with English Learners. While they were fully credentialed in their subject matter areas, they lacked the EL certification element required for full certification. As you are aware, the District implemented financial incentives for teachers to work toward full EL Authorizations several years ago. We have now reduced the original number to 55 last year, and now to less than 30 this year. Most of these teachers are in assignments where EL certification is not required.

In the interim, while those teachers who remain complete their CLAD/BCLAD credential authorizations, they are required by law to hold an Emergency CLAD Permit. As such, we must request the following in our *Declaration of Need for Fully Qualified Educators for 2012-13*.

Emergency Permits

CLAD	25
Resource Specialist	5
Teacher Librarian Services	1

Limited Assignment Permits

(Limited Assignment Permits may only be issued to applicant holding a valid California teaching credential based upon a baccalaureate degree and a professional preparation program including student teaching.)

Multiple Subject	5
Single Subject	25
Special Education	20

As we make progress toward the certification goals, the Board will be updated accordingly.

Financial Summary: No fiscal impact.

Students

BP 5131.2(a)

BULLYING

The Governing Board believes that all students have a right to a safe and healthy school environment. The Board also believes that the district, its schools, and community have an obligation to promote mutual respect, tolerance, and acceptance. Student safety is of the highest priority, and the Board will not tolerate behavior in the form of bullying that infringes on the safety or emotional or physical well-being of any student.

For purposes of student discipline, the definition of bullying is governed by Education Code section 48900(r) and district Board Policy and Administrative Regulation 5144.1 (Suspension/Expulsion). More generally, however, and for purposes of this policy, bullying is defined as abusive action or conduct, which can be physical, verbal, written, psychological, or sexual in nature. Examples of bullying in these differing forms include, but are not limited to:

1. Physical: hitting, kicking, spitting, and pushing;
2. Verbal or Written: teasing, threatening, and name-calling;
3. Psychological: social isolation, manipulation, spreading rumors, and intimidating; and/or
4. Sexual: touching, assault, exhibitionism, and many of the actions listed above.

Normally bullying is a pattern of conduct or repeated over a period of time, but may in some instances take the form of one severe or egregious act.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior. District schools are encouraged to educate students, at least once annually and more often when called for, regarding the district's policies governing and prohibiting bullying, as well as the types of conduct constituting bullying and the harmful consequences of bullying on student victims.

(cf. 6163.4 - Student Use of Technology)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6142.94 - History-Social Science Instruction)

While bullying is often perceived by students as common, the Board does not view such conduct or its consequences on the victims of bullying as a normal part of growing up to which district students should be subjected. The Board finds that the harmful consequences to student victims of bullying include, but are not limited to:

BULLYING

1. Negative impact on students' grades because of victims' concern over bullying and inability to focus on learning;
2. Absenteeism, truancy and dropping out in order to avoid an environment of bullying;
3. Psychological impacts on victims' self-esteem and feelings of isolation, resulting in withdrawal and/or depression;
4. Creation of a dangerous educational environment where victims physically fight back in response to perpetrators, or bring weapons or dangerous objects to school for protection from perpetrators; and
5. Long-term consequences for victims in terms of anxiousness, insecurity and/or depression.

The harmful consequences of bullying described above and other detrimental impacts resulting from bullying are significant and negatively influence students' ability to learn. The Board believes that the district and its schools are responsible for creating safe learning environments for all students and must work proactively to prevent bullying so that detrimental impacts on student learning and attendance do not result.

Consistent with the negative impacts of bullying that the Board seeks to prevent and redress, Board Policy 5145.3 prohibits discrimination, harassment, intimidation and bullying based on, among other things, actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, bully, cyberbully, cause bodily injury to, or commit hate violence against any other student, group of students or school personnel. This policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the district Superintendent.

(cf. 5131 - Conduct)

(cf. 5136 - Gangs)

(cf. 5145.3 - Nondiscrimination/Harassment/Intimidation/Bullying)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

BULLYING**Cyberbullying**

The Board finds that bullying takes place through the Internet or other forms of technology and electronic acts, i.e., cyberbullying. Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5145.2 - Freedom of Speech/Expression)

Bullying Prevention

The Board directs the Superintendent or designee to develop strategies for bullying prevention and intervention consistent with this policy, as well as consistent with Board policy and administrative regulations governing the development of comprehensive school safety plans, and to ensure that such strategies are incorporated into such safety plans.

(cf. 0420 - School Plans/Site Councils)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 1220 - Citizen Advisory Committees)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 6020 - Parent Involvement)

To the extent possible, district and school strategies shall focus on the prevention of bullying by establishing clear rules for student conduct and strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents of bullying, and the consequences for perpetrators of bullying.

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 5137 - Positive School Climate)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5145.3 - Nondiscrimination/Harassment/Intimidation/Bullying)

(cf. 6164.2 - Guidance/Counseling Services)

(cf. 6162.7 - Use of Technology in Instruction)

BULLYING

Designated school staff shall receive related professional development, including information about early warning signs of harassing/intimidating/bullying behaviors and effective prevention and intervention strategies. District teachers are also encouraged to discuss at least once annually with their students, and more often when called for, on the district's policies governing and prohibiting bullying.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Based on evidence establishing that bullying behaviors or incidents continue to occur over time at a school, despite prevention efforts, the Superintendent or designee may temporarily increase supervision in affected areas of the campus.

Intervention

Students are expected to notify school staff when they are being bullied. Additionally, students who witness acts of bullying, or who suspect that another student is a victim of bullying, are encouraged and expected to notify school staff.

The Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously. School staff shall take immediate steps of intervention to investigate and correct bullying behavior when reported. District staff shall immediately interview involved students when an incident of bullying is reported, as well as document when an incident of bullying is reported and that the bullying behavior was corrected and stopped. District staff shall maintain a record of the reported bullying and intervention steps taken to correct the bullying behavior. Additionally, district staff who witness bullying shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

As appropriate, the Superintendent or designee, or Principal or designee, shall notify the parents/guardians of victims and perpetrators of bullying. District staff, where appropriate, may involve the parents of bullying victims and bullying perpetrators to resolve and remediate bullying behavior, and to ensure that bullying does not recur. The Superintendent or designee, or Principal or designee also may involve school counselors, mental health counselors, and/or law enforcement.

School staff and students shall make all reasonable efforts to resolve disputes between students involving bullying. Students are to resolve their disputes without resorting to violence. Students, especially those trained in conflict resolution and peer mediation, are encouraged to help fellow students resolve problems related to bullying peaceably.

BULLYING

School staff, where appropriate, shall refer students to conflict resolution or peer mediation with trained staff, adult or peer mediators. School staff and mediators will maintain the confidentiality of such conflict resolution and mediation discussions. Conflict resolution processes shall not supplant the authority of school staff to act to prevent violence, ensure campus safety, maintain order, and discipline students with respect to acts of bullying.

Complaints and Investigation

Students may submit to a teacher or administrator a verbal or written complaint of conduct that they consider to be bullying. In addition to informal resolution of complaints of bullying at the site level through a complaint to a teacher or site administrator, a written complaint can be filed in accordance with the Uniform Complaint Process under Board Policies 5145.3 (Nondiscrimination/Harassment/Intimidation/Bullying) and 1312.3 (Uniform Complaint Process). Such formal complaints should be submitted to the appropriate District administrators as designated in Board Policies 5145.3 and 1312.3.

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5145.3 - Nondiscrimination/Harassment/Intimidation/Bullying)

Discipline

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or expulsion, in accordance with district policies and regulations, and the Education Code. (Education Code section 48900(r)-(s))

(cf. 5144.1 - Suspension and Expulsion/Due Process)

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity are encouraged to save, record and/or print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may provide notice to or file a complaint with the Internet site or service provider to have the objectionable material removed.

BULLYING

Even where discipline is not called for under district policies and regulations or the Education Code, school staff shall consider whether other forms of interventions are appropriate to address the needs of the alleged victim or victims and the conduct of the alleged perpetrator or perpetrators.

This policy, however, shall not be construed to limit pupil rights to free speech as protected by the United States Constitution, the California Constitution, or other applicable laws governing student free speech rights.

(cf. 5131 - Conduct)

(cf. 5145.2 - Freedom of Speech/Expression)

Publicize/Notice of Bullying Policy

The Board directs the Superintendent or designee to publicize this policy, as well as the district's policies governing and describing how to submit a complaint regarding bullying, and to ensure that notice of this policy is posted in school offices, schools, staff lounges and student government meeting rooms.

Other Enforcement Mechanisms

The Board's bullying policy is intended to supplement, and not replace, any applicable state and federal laws and regulations. Students may also request that other state and federal governmental agencies investigate complaints of bullying. For example, any student who thinks he or she has been bullied or retaliated against for complaining about bullying may file a complaint with the California Department of Education or U.S. Office for Civil Rights.

BULLYING

The Governing Board believes that all students have a right to a safe and healthy school environment. The Board also believes that the district, its schools, and community have an obligation to promote mutual respect, tolerance, and acceptance. Student safety is of the highest priority, and the Board will not tolerate behavior in the form of bullying that infringes on the safety, or emotional or physical well-being of any student.

For purposes of student discipline, the definition of bullying is governed by Education Code section 48900(r) and district Board Policy and Administrative Regulation 5144.1 (Suspension/Expulsion). More generally, however, and for purposes of this policy, bullying is defined as abusive action or conduct, which can be physical, verbal, written, psychological, or sexual in nature. Examples of bullying in these differing forms include, but are not limited to:

1. Physical: hitting, kicking, spitting, and pushing;
2. Verbal or Written: teasing, threatening, and name-calling;
3. Psychological: social isolation, manipulation, spreading rumors, and intimidating; and/or
4. Sexual: touching, assault, exhibitionism, and many of the actions listed above.

Normally bullying is a pattern of conduct or repeated over a period of time, but may in some instances take the form of one severe or egregious act.

The district may provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior. District schools are encouraged to educate students, at least once annually and more often when called for, regarding the district's policies governing and prohibiting bullying, as well as the types of conduct constituting bullying and the harmful consequences of bullying on student victims.

While bullying among students is often perceived by students as common, the Board does not view such conduct or its consequences on the victims of bullying as a normal part of growing up to which district students should be subjected. The Board finds that the harmful consequences to student victims of bullying include, but are not limited to:

1. Negative impact on students' grades because of victims' concern over bullying and inability to focus on learning;

2. Absenteeism, truancy and dropping out in order to avoid an environment of bullying;
3. Psychological impacts on victims' self-esteem and feelings of isolation, ~~and~~ resulting in withdrawal and/or depression;
4. Creation of a dangerous educational environment where victims physically fight back in response to perpetrators, or bring weapons or dangerous objects to school for protection from perpetrators; and
5. Long-term consequences for victims in terms of anxiousness, insecurity and/or depression.

BULLYING

~~These and other~~ The harmful consequences of bullying described above and other detrimental impacts ~~harm resulting from bullying are significant, and severely negatively influence impact~~ students' ability to learn. The Board believes that the district and its schools are responsible for creating safe learning environments for all students and must work proactively to prevent bullying so that detrimental impacts on student learning and attendance do not result.

Consistent with the negative impacts of bullying that the Board seeks to prevent and redress, Board Policy 5145.3 prohibits discrimination, harassment, intimidation and bullying based on, among other things, actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, bully, cyberbully, cause bodily injury to, or commit hate violence against any other student, group of students or school personnel. This policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the district Superintendent.

The Board finds that bullying takes place through the Internet or other forms of technology and electronic acts, i.e., cyberbullying. Cyberbullying includes the transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication

device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

(Education Code section 48900(r)-(s))

(cf. 5144.1 - Suspension and Expulsion/Due Process)

When a student is reported to be engaging in bullying off campus, the Superintendent or designee shall investigate and document the activity and shall identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

When the circumstances involve cyberbullying, individuals with information about the activity are encouraged to save, record and/or print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may provide notice to or file a complaint with the Internet site or service provider to have the objectionable material removed.

Even where discipline is not called for under district policies and regulations or the Education Code, school staff shall consider whether other forms of interventions are appropriate to address the needs of the alleged victim or victims and the conduct of the alleged perpetrator or perpetrators.
